

Innovative Airmen...Airlift Excellence...Respect For All!

62 AW/CC Roll Call

21 March 2014

Team McChord,

*It's been a lightning-fast eight months since beginning my service with you here at Joint Base Lewis-McChord. Not to sound like a broken record, but I'm continually impressed with your **dedicated sense of service** and your immense **pride in our Nation, our Air Force, and our mission**. Since February, we have hosted the CSAF, the AMC Vice Commander, passed another Limited Nuclear Surety Inspection, and conducted a Position the Force Exercise. Long hours went into preparing for each one of these events and they would not have been possible without the support of our active duty Airmen, Civilians and Team McChord partners. Oh, BTW...we're staying VERY busy with our normal everyday Global Reach mission.*

*This past week, I also had the awesome opportunity to fly with the 10th Airlift Squadron "Pathfinders" on a mission to Afghanistan. It should come as no surprise, but I was so very impressed at just how well we execute our mission to **Deliver Global Precision Airlift**. Thanks to Capt Elliot Riling, the entire crew, and all the supporting agencies for showing me just a small glimpse of our global mobility enterprise. **Make no doubt about it, all of you contribute to our success!***
