

62 AW/CC Roll Call

16 October 2014

Team McChord,

I wanted to touch base with you on a pretty **hot topic in the news—the Ebola virus**. No doubt, as we step up our support of humanitarian operations in West Africa, there is growing awareness and concern for how we are ensuring the safety of our Airmen and families. **Your safety and the safety of your families is absolutely paramount, which is why we are following established DoD protocols and applying sound risk management procedures at all appropriate levels.** As information or additional guidance becomes available, **you have my commitment that I will communicate that information as quickly and as openly as possible.** As Airmen, we must be ready and willing to answer our Nation’s call, and although we are not currently providing direct care to patients, the logistical support that our Airmen have already provided to combat this disease is yet another reminder that **what we do every day has a profound impact on others.** Thanks for continuing to make a difference!

On the Horizon...

Cyber Security Awareness Month [Oct, 2014]

Every day, we use the Internet to connect with one another both at work and at home. National Cyber Security Awareness Month is designed to engage and educate public and private sector partners through events and initiatives with the goal of raising awareness about cyber security and increasing the resiliency of the nation in the event of a cyber incident. New Joint Travel Regulations (JTR):
 As of 1 Oct, the Joint Federal Travel Regulations, Volume 1 (JFTR) and the Joint Travel Regulations, Volume 2 (JTR) officially merged into a single set of regulations called the “Joint Travel Regulations.” These changes could also affect your TDY entitlements. To find out more, click [here](#).
