

# Special Duty Assignment Recruitment Briefing

## 2 & 3 Feb.15 at 1000hrs & 1400hrs

### Location: JBLM-McChord Base Theater

We are the U.S. Air Force's special operations unit organized to be aligned with DOD's highest priority and most elite special operations forces.

The unit, based at two locations in SE North Carolina, was created for the application and development of tactics involving a wide variety of unique special operations skills.

The unit is fast-paced with opportunities found nowhere else in DoD.

Because of the extremely unique mission of our organization, all of our members from the 50 AFSC's list below are hand selected to ensure only the best are assigned to the unit. Each unit member is expected to perform their AFSC duties with little to no supervision.

For more information on one of DOD's most elite special operations unit and a possible career opportunity, make time to attend the organization's briefing.
