- Apply on company websites for jobs you are interested in/qualified for – tailor your resume to the job and use the buzz words used in the job description;

- Prepare for the job fair – research companies and career opportunities; DO NOT approach a company and ask what they are hiring for!
- **STAY ALL DAY!** Explore as many opportunities as possible; Speak with companies/industries you may not have considered as a career path;
- **Give us your feedback – how did we do and how did you do at the career fair.**
